EDUCATION

Pune Institute Of Computer Technology

B.E IN COMPUTER ENGINEERING

CGPA: 8.20 (Till Sem-6)

Pune, India

Jan 2023 – June 2027

Matoshri College

HSC, Maharashtra

Percentage: 79.00

Nashik, India

June 2021 – June 2023

PROJECTS

BloodLink

- Developed a full-stack web application for hospitals and blood banks to monitor, manage, and request blood units in real time.
- Implemented auto-reordering logic that triggers blood requests when stock falls below threshold levels, improving supply reliability.
- I Built this using React for the frontend and Node.js with MongoDB for the backend, including secure role-based authentication.

Plagarism Detection System - NLP and Deep Learning

- Built an NLP-based similarity detection system for code and text analysis.
- Applied TF-IDF, cosine similarity, and machine learning techniques for plagiarism scoring.
- Generated interpretable similarity reports suitable for academic evaluation.

PIXLOCK

- Developed a secure graphical authentication system using Persuasive Cued Click Points (PCCP) to enhance password strength.
- Implemented click-point tolerance validation and encrypted storage of user coordinates to prevent brute-force and guessing attacks.
- Designed a responsive UI enabling image-based login across devices.
- Integrated backend authentication logic with secure database management for user session handling.

SKILLS

Programming Languages: Java, Python, C, C++, SQL

Development: HTML, CSS, JavaScript, Bootstrap, ReactJs, NextJs

Databases: MySQL, MongoDB, Firebase

Developer Tools: Git, Github, VS Code

CourseWork: Programming and Problem Solving (Python), Data Structure and Algorithms (C++), Object-Oriented Programming (Java), Computer Networks, Software Engineering, Operating System, Machine Learning

ACTIVITIES AND PARTICIPATIONS

- Member of PICT ACM Chapter, which won an award for India's best ACM chapter.
- Solved 300+ problems on various coding platforms like CodeForces, Codechef, etc.
- Participated in Pulzion'23 conducted by PICT ACM Student Chapter (PASC).
- Certificate of Completion in Agile Project Management.
- Solved 100+ Data Structures and Algorithms (DSA) questions on Leetcode.
